

Intuit has updated the website url from where you should download the QuickBooks software. Please go to:

<http://support.quickbooks.intuit.com/support/ProductUpdates.aspx>

You will need to change the product to QuickBooks Desktop Premier 2015 and then select the blue “download button”. Here is a screenshot:

The screenshot shows a web browser window with the URL [support.quickbooks.intuit.com/support/ProductUpdates.aspx](http://support.quickbooks.intuit.com/support/ProductUpdates.aspx). The page features the Intuit QuickBooks logo and a "Learn & Support" link. A search bar is present with the placeholder text "Search the community...". The main heading is "Downloads & Updates". Below this, the product "QuickBooks Desktop Premier 2015" is listed with a "[Change]" link. To the left of the product name is an image of the QuickBooks Premier 2015 software box. To the right is a blue "Download" button with a downward arrow icon. Below the button, it says "Version : 2015 Size : 526kb" and "Proadvisor?". Below the product name, there is a section titled "Already have Quickbooks Desktop Premier 2015?" with the text "Get bug fixes, improved efficiency, and increased reliability all based on user feedback". On the right side of the page, there are two sections: "Other Options" with links for "QuickBooks Desktop Support", "Your account", "Go to the payroll site", "Go to the payment site", and "Find a local Advisor"; and "Company file" with links for "Create a new company file" and "Update/Convert your company file".
