

# URL for student registration with Intuit not working?

To obtain your free license to QuickBooks Accountant 2020, you must register with Intuit. The URL for that registration, given on the ***Welcome to Computerized Accounting with QuickBooks 2020*** page in your textbook, has recently been changed by Intuit.

The new URL is:

<https://www.intuit.com/oicms/partners/education-program/products/quickbooks/student-qbdt-signup/>.

Intuit does change their website frequently, SO if the above URL **also** stops working:

1. Start by going to [www.intuiteducation.com](http://www.intuiteducation.com).
2. Do **not** scroll down to the *Offerings* section.
3. Include open the Products dropdown menu at the top of the page.
4. Select QuickBooks.
5. The first signup will likely be for QuickBooks Online. Scroll down past that link and look for a QuickBooks Desktop tab or a *Looking for QuickBooks Desktop?* link. Click that.
6. You should then see a *For Students* tab and be able to click a *Sign up for free* link. That should take you to the registration page.
